WORK EXPERIENCE

- | | |
|---|---------------------------|
| PE Front Office | (October 2021 - Present) |
| Web-Developer | |
| Revamped the help center of their user portal, making it more comprehensive and easy to use. | |
| Worked on numerous small individual projects under the guidance of the Director of PE Front Office Solutions. | |
| This also provided me with the opportunity to get familiarized with the financial aspect of things, especially with Alternative Investment Management | |
| SantaNet | (August 2021 - Present) |
| Web-Developer | |
| Worked with a team on developing a website for this NGO, using MERN Stack. | |
| PsychUp | (February 2022 - Present) |
| Co-Founder | |
| Worked on building an online infotainment platform that aims to bridge Psychological Literature, Research, and mental health. We aim to spread information related to the fields of Psychology and Mental Health via blog posts. We also offer an accurate and Scientific Personality Test . Constantly working on evolving and adding features to the platform. | |

PROJECTS

- | | |
|---|------------------------------|
| DataGrad | (July 2021 - September 2021) |
| https://datagrad.netlify.app/ | |
| Co-Founded the organization and led a team of 4 individuals to efficiently create and deploy this platform working in the domains of both Web-Development (React + Flask) and Machine Learning (Python). With the availability of numerous paid and free resources on the internet, it becomes overwhelming for students to learn new skills. DataGrad aims to bridge the gap between top MOOCs like Coursera, Udacity, EdX, and students eager to learn new skills. One only has to enter their level and the skill they want to learn, and DataGrad presents the Top 5 relevant courses curated carefully, based on the skill, picked from various sites to them. | |
| Decrypt | (November 2021 - Present) |
| https://d3crypt.ieeeemanipal.com/ | |
| Worked on the Frontend and Backend of a website using MERN Stack for the Decrypt Competition conducted by IEEE SBM . Worked with a team of 5 developers to build this website for the competition with clean, appealing UI and sleek animations. Over 200 people registered for the competition and enjoyed a smooth experience on the website over the course of the competition. | |
